ELECTRONIC ACCESS/USER AGREEMENT

Student: As a user of the Greenup County Public School District's computer network, I hereby agree to comply with the District's Internet and electronic mail rules and to communicate over the network in a responsible manner while abiding by all relevant laws and restrictions. I further understand that violation of the regulations is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked and school disciplinary action and/or legal action may be taken.

Parent: As the parent or legal guardian of the student (under 18) signing below, I grant permission for my child to access networked computer services such as electronic mail and the Internet. I understand that this access is designed for educational purposes; however, I also recognize that some materials on the Internet may be objectionable, and I accept responsibility for guidance of Internet use by setting and conveying standards for my child to follow when selecting, sharing, researching, or exploring electronic information and media.

Parent: By signing this form, you hereby accept and agree that your child's rights to use the electronic resources provided by the District, and/or the Kentucky Department of Education (KDE) are subject to the terms and conditions set forth in District policy/procedure. Please be advised that data stored in relation to such services is managed by the District pursuant to policy 08.2323 and accompanying procedures. You also understand that the e-mail address provided to your child can be used to access other electronic services or technologies that may or may not be sponsored by the District, which provide features such as online storage, online communications and collaborations, and instant messaging. Use of those services is subject to either standard consumer terms of use, or a standard consent model. Data stored in those systems, where applicable, may be managed pursuant to the agreement between KDE and designated service providers or between the end user and the service provider. Before your child can use online services, he/she must accept the service agreement and, in certain cases, obtain your consent.

PUBLICATION CONSENT

At some time during the school year, school/District personnel or other District-authorized persons may videotape or photograph classroom activities or special projects in which your child participates during or after the school day for public awareness or fund-raising purposes. This form covers permission for the District to record and use the recorded image, voice, or work of the student (photographed, filmed, taped, or digitally recorded) for public awareness purposes, including publication on the school and/or District's web site and in school yearbooks, as well as academic and athletic activities.

Once signed and dated, this form shall remain in effect for your child's enrollment in the District schools. However, at any time during the school year, you may amend this form only for future uses/preference by notifying the Principal in writing of your request.

FIELD TRIP PERMISSION

I hereby give permission for my child to participate in all school-related student trip(s) during the 2017-2018 school year. In addition, in the event of accident or sudden illness while on the school-related student trip, I authorize school personnel to contact the physician(s) listed on my child's school enrollment data forms and authorize those physician(s) to render such treatment as may be deemed necessary in an emergency for the health of said child. In the event physician(s), parent(s), or other persons designated by the parent cannot be contacted, school personnel are hereby authorized to take whatever action is deemed necessary in their judgment for the health of said child.

SCHOOLMESSENGER

SchoolMessenger is a rapid alert notification system that enables our district to reach students, parents and staff to relate emergency information, school closings or delays, and special school announcements. The Federal Communications Commission (FCC) prohibits calls made using automatic telephone dialing equipment or a prerecorded message to any telephone number assigned to a cell phone or any service for which the called party is charged for the call without prior consent, unless the call is for emergency purposes as defined by the Telephone Consumer Protection Act. (Reference: 47 U.S. Code § 227). If you would like to opt out of receiving SchoolMessenger calls you must contact the school to rescind permission to call and/or text your landline and/or cell phone with information utilizing the SchoolMessenger system. If you opt out, you will not receive important information. However, according to current TCPA guidelines, you will still be contacted in the event of an emergency.

INDIVIDUAL LEARNING PLAN (GRADES 6-12)

As a parent or guardian of a student under the age of eighteen (18) who is enrolled in grades six through twelve (6-12) in the Greenup County School District. I hereby authorize the District to enable a feature of web based Individual Learning Plan ("ILP") software, which will permit my student to invite third parties to have access to his/her ILP information or portions of such information via the web (internet). The purpose of this feature is to help my student with career and college plans by permitting him/her to share ILP information with persons or organizations such as college admissions officers, organizations offering scholarships, and potential employers.

However, I understand this feature could permit my student to release ILP information to other third parties. I agree that the District, its employees, and agents shall not be responsible, nor shall they incur any liability for any disclosure made by the student using this software feature. The Family Educational Rights and Privacy Act (FERPA) and similar state statutes (KFERPA) generally require parents to consent before the educational records relating to their student(s) are disclosed to third parties.

I understand that the above software feature is not itself a disclosure of education records, but it will enable my student to disclose confidential educational records information. I specifically authorize and give my consent to the disclosure of ILP educational records information to third parties by my student through the use of the software feature as described above.

I understand that once this signed form is returned to the school, it will stay in effect as long as my child is enrolled in the District (unless I or my child on turning 18 requests a change). I also understand that the sharing feature will not be enabled for my child unless this completed form is returned to the school.
